

Unparalleled Advice for Our Valued Clients
Your Trusted Debt and Equity Advisor

Dear Clients and Partners,

On behalf of everyone at Three Stars Capital Partners, our hearts go out to all those impacted by COVID-19. Our focus is, as always, on the health and safety of our employees, customers and communities. While we step back and try to put all of this in perspective, we continue to give our support to help navigate this challenging new world around us.

While it is impossible to predict the increasingly diverse and unique circumstances driven by the recent changes in our global society, we maintain focus on the operations of our business, which means taking care of our clients and planning for a path forward. Over the past decade, we have developed a progressively more sophisticated and diverse client base. Our success has been and will continue to be dependent upon the trust that our clients place in us.

Maintaining a strategic focus in the short term planning in order to navigate the current market environment allows us to identify potential issues quickly. Focusing on our clients' needs from many different parts of the world and many different economies, we're able to provide them with the information they need to make decisions on the

ground. Together, we can strategize on where we are and where we're going from here.

As always, let us guide you through the bridge of this current landscape, providing you with the same world class service and support you need to maintain your competitive position.

Please Stay Healthy!

Kind regards,

A handwritten signature in black ink, appearing to read 'Mauro', with a long, sweeping flourish extending to the right.
